

Withdraw up to \$60,000 Annually From Your IRA or 401K with No Tax Consequence!

DON'T MISS THIS GROUND BREAKING SEMINAR!

Most Americans are lured into saving for retirement with traditional qualified retirement plans commonly known as IRAs and 401(k)s. They are convinced by financial advisors to contribute pre-tax dollars into these plans, but they rarely look forward to the two most important phases of any retirement plan - when you withdraw your money for retirement income, and when you pass away and transfer any remaining funds to your heirs.

Find Out WHY:

- Many retirees are forced to extract \$150,000 a year from their IRA, in order to live on \$100,000.
- Capital Gains Tax makes it extremely difficult to convert appreciated real estate into liquid retirement funds.
- Baby Boomers will not retire into lower tax brackets. In fact we may be seeing the return of historically high income taxes not seen since the early 1970s.

Find Out HOW:

- Most Americans are fast at work eliminating every tax deduction they have by the time they retire.
- A "Strategic Rollout" can generate "tax offsets" which allow you to withdraw income from your current IRA or 401 K with no taxable result and reposition your retirement funds into TAX-FREE vehicles without the severe tax consequence of a traditional ROTH IRA conversion!
- You can greatly reduce or even eliminate Capital Gains Tax when cashing in real estate.
- You can enjoy a TAX-FREE retirement no matter what Congress does to tax rates in the future.

THE AUTHOR: Douglas R. Andrew
Mr. Andrew is the national best-selling author of *Missed Fortune 101* and *The Last Chance Millionaire*. His financial strategies helped thousands of people preserve their home equity values from the recent real estate bubble, and greatly accelerate their retirement plans by eliminating taxation from their retirement income.

YOUR SPEAKER: Bruce M. Weide

Co-Host of KRLAs 870AM *Straight Talk Real Estate*, Mr. Weide is President of *TAX-FREE Benefit Specialists & Insurance Services*, a corporate benefits firm in Glendale, dedicated to bringing Fortune 500 tax & retirement saving strategies to business & home owners.
